EDUCATION

Software Engineering   2022 – present
Adama Science and Technology University   Adama, Ethiopia
GPA : 3.7/4
Courses:
- Data Structures and Algorithms,Object-Oriented Programming (OOP),Operating Systems,Web Development (HTML, CSS, JavaScript, Php),Database Systems (SQL, MySQL, MongoDB),Software Engineering Principles,Mobile App Development and Computer Networks

SKILLS

.

Programming Languages: Go, Python, C++,
JavaScript
Frameworks/Libraries: React, Node.js, Django,
Servlet and Next Js,FastHtml
Tools/Technologies: Git,Postgres, MySQL,
MongoDB
Other: REST APIs, Unit Testing
Soft Skills: communication, leadership and problem
solving

PROJECTS

Quiz Builder App 🔗
Tools/Technologies: Servlet Java, mysql db and javascript
Contribution: Designed and developed a full-stack web application for making and managing quiz with integrating authentication.

Table Extractor 🔗
Tools/Technologies: FastHtml python, Pico css and javascript
Contribution: Designed and developed a full-stack web application for extracting tables from a website by copy and pasting the link of the website on the input field then download the file as datasheet.

Agar Multiplayer Online Game
Tools/Technologies:express, html and socket io
Contribution: Designed and developed a game similar to the agar.io 🔗 . I integrated socket io for real time communication between players.

Collaborative Whiteboard 🔗
Tools/Technologies:express, Nextjs,Tailwind css and socket io
Contribution: Designed and developed a simple whiteboard implementation similar to the excalidraw. I integrated socket io for real time communication.

Solana Wallet Activity Checker 🔗
Tools/Technologies: Nextjs,Tailwind css, upstash Reddis and REST api
Contribution: Designed and developed a full-stack web application that analyzes Solana wallet addresses to determine activity status (active or inactive) based on on-chain data. Users can input any Solana wallet address to instantly check its status through a fast, user-friendly interface.

EXPERIENCE

Freelance Webdeveloper   01/2025 – 02/2025
- Designed and developed custom websites for a small businesses using React and Tailwind CSS
- Delivered responsive, SEO-friendly websites optimized for performance and accessibility
